Suggested Layette Essentials Checklist:

Congratulations on your new baby! This is an exciting time in your life and Little Urbanites is here to help you get ready for your new addition! Use our Layette Essentials Checklist to help prepare for the new arrival:

- 2 Blankets to swaddle your baby in for warmth and security. Soy and bamboo blankets are very soft and environmentally friendly.
- 3 Hats to keep your baby's head warm. Choose a soft and breathable fabric so that your baby does not get too hot or uncomfortable.
- 5 pairs of socks. Make sure they have elastic so that they will not slip off of those tiny feet.
- 2 pairs of pants to use with your short sleeve or long sleeved bodysuits. Basic colors will allow for the most versatility.
- 2 long sleeved bodysuits preferably with fold over cuffs to keep your baby's sharp fingernails away from their face. These are also great to keep their hands warm when you are out on errands or visiting friends and family.
- 5 short-sleeved bodysuits will be your most used item. Breathable and comfortable soy or bamboo clothing goes great under their soft swaddling blankets.
- 6 Burp Cloths made of highly absorbable fabrics are essential to clean up those new baby messes.
- 4 Bibs to keep your adorable baby's clothes clean from spit up.
- 3 Sleep Gowns keep your baby warm while allowing for easy diaper changes in the middle of the night.
- 1 Pair of mitts to keep scratchy fingernails away from baby's delicate face.

Suggested Layette Lines: Baby Soy, Under the Nile and Kate Quinn Organics
